Terri McIntee Family and Community Involvement Consultant

1999 to present

B.A. History - The Ohio State University

M.A. Human Resource Management and Development -
The New School

Terri McIntee is the Family and Community Involvement Consultant for the Educational Service Center (ESC) of Cuyahoga County's State Support Team. She is responsible for planning, organizing, and facilitating professional development opportunities and technical assistance as it pertains to family and community involvement and outreach in Region 3. Terri provides her expertise as both a parent and a professional in building relationships and partnerships between school districts and the families and students they serve.

Terri serves on several state level councils. She currently chairs the State Advisory Panel on Exceptional Children and is the past chair of the State Superintendent's Parent Advisory Council. She has sat on several interagency workgroups looking at policy level issues in the area of restraints and seclusion, caseload/ratios, school based mental health supports and currently on the Governor's task force on Youth and Young Adults in Transition.

Prior to joining the ESC, Terri worked in public policy for the Arc of Ohio and parent leadership and training development for the Family Information Network. Terri spent twelve years in the business community working at the Equitable and S.I.A.C. in New York City.

Terri lives in Geauga County with her youngest son who has Down syndrome and offers her a real life 'reality check' to best practices in including students with varying abilities. Her oldest son is currently attending The Ohio State University majoring in Japanese.
